

2020-2021 Indian Education Tutoring Information

Homework Tutoring

All Native American Students are eligible for homework tutoring through the Indian Education Program. Parents can sign students up using the Google form that was emailed to them in September. Elementary will limit these tutoring sessions to 8-10 students per session and students will be served on a first come first serve sign up basis. If students who sign up are not consistently attending their sessions, their spot may be passed on to students from the waiting list. If a need arises for more tutors due to numbers, we will revisit budget allocations and try to accommodate the need.

****Note for Elementary students: once signed up, wait for communication from the site principal that will include day and time details and a permission slip for your student.**

Skills Tutoring

Native American students at the elementary will be assessed at the beginning of the year using multiple platforms. Results will be reviewed to determine our lower performing students in need of supplemental academic services. Those parents will be contacted by site faculty to complete the permission slips for participation in skills tutoring through the Indian Education Program.
